TO: OCETF Stewards

FROM: Peter Giuliani, President

Item: Class Profiles

Action: Stewards please forward this information to your school OCETF members.

Class Profiles and the creation of them are not a Ministry expectation. These class profiles represent another demand on teacher time. Implemented by the board without the accompanying time and resources, they take away from time and attention paid directly to students. Teachers who are being asked to create class profiles should, if they choose to complete them, request additional support. This support could be in the form of additional prep time, occasional teacher coverage for part of the day, or allocated time from a P.A. Day.

Peter Giuliani
